USE

Object of the Game:

To win the game, be the first player to reach the finish line by landing on, or passing, tile #24.

Package includes:

- 25 foam tiles (each with a different image)
- A giant, 6" x 6", blue die
- An instruction sheet
- A mesh bag for storage

Setup:

Lay out each of the tiles in numerical order, approximately one foot apart from each other. A flat surface is best.

The rules...

1. Each player rolls the die. The player that rolls the highest number goes first. You'll need at least two players.
2. All players begin on the "Start" tile. 
3. Roll the die. Move ahead that number of tiles.
4. Where did you land? Follow the instructions on that foam tile.
FOR EXAMPLE: If you land on tile #4, pretend you're driving a race car. 
OR
If you land on tile #10,  go back to start.
5. Your turn has now ended. Pass the die on to the next player.
